The American Psychiatric Association, in joint providership with the Indiana Psychiatric Society, invites you to participate in the 7th Annual Regional Integrated Mental Health Conference.

PROGRAMMING

The delivery of mental health care is a rapidly changing landscape. Evidence suggests the integration of psychiatric care into the physical care setting is imperative in the treatment of those with mental illness. However, many psychiatrists, primary care physicians and other professionals are unsure how to best make this happen.

Join us as we examine current cutting-edge research, evidence-based practices and models on integrated care. Explore the relationship between the mind and body, furthering your knowledge of the interplay between physical and psychiatric illness. Learn about the business of integrated care from national experts.

Speakers will present a balanced program of lectures and case scenarios to improve your understanding of these issues. Join us!

TARGETED AUDIENCES

Psychiatrists, Primary Care Physicians, Physicians of Other Specialties, Mental Health Providers, Nurse Practitioners, Physician Assistants, and Hospitalists
